DATE Syrup

Date Concentrate

Ingredients:

Date (various)

Also called "Date Honey" or "Silan", Date syrup is a thick, caramel-colored sweetener made from our Iranian date. Its intense, concentrated sweetness proves to be an ideal, lower glycemic alternative to honey, maple syrup or refined sugar. Date Syrup is also rich in nutrients and antioxidants.

DATE Paste

Homogenized paste without pits and skin

Ingredients:

Date (various)

Considered by many health aficionados to be “the ultimate natural sweetener”, date paste is a nutritious substitute for white sugar due to the high levels of nutrients, fiber and antioxidants. Perfect for baking.
